special thanks to:

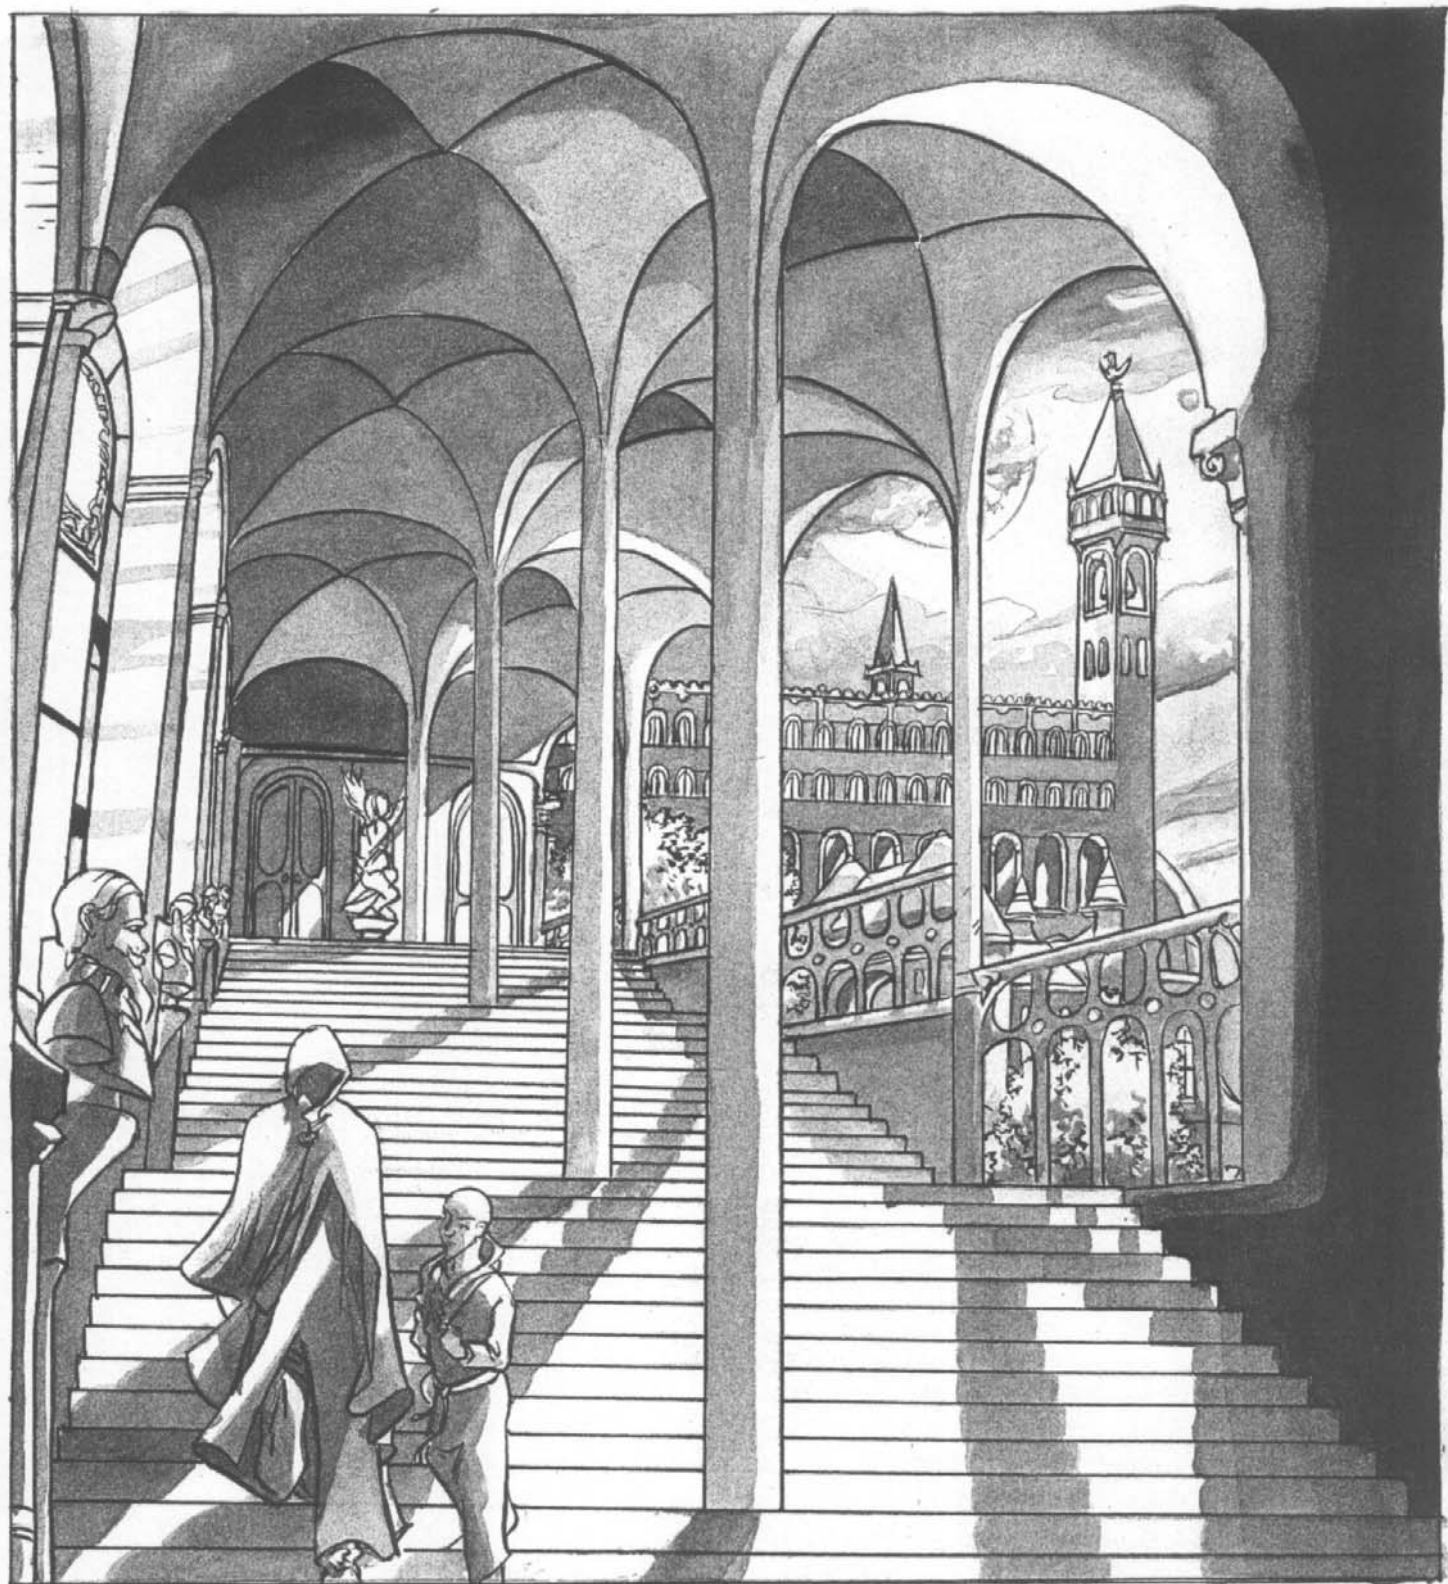

Erwan for all his photoshop knowledge, Gilles, of course, for giving me the motivation to do this work, and to all those who have been interested by this project;
shadow world's fans, hooked by this beautiful world created by Terry, don't that is just an adaptation, and so, some details could be slightly different.

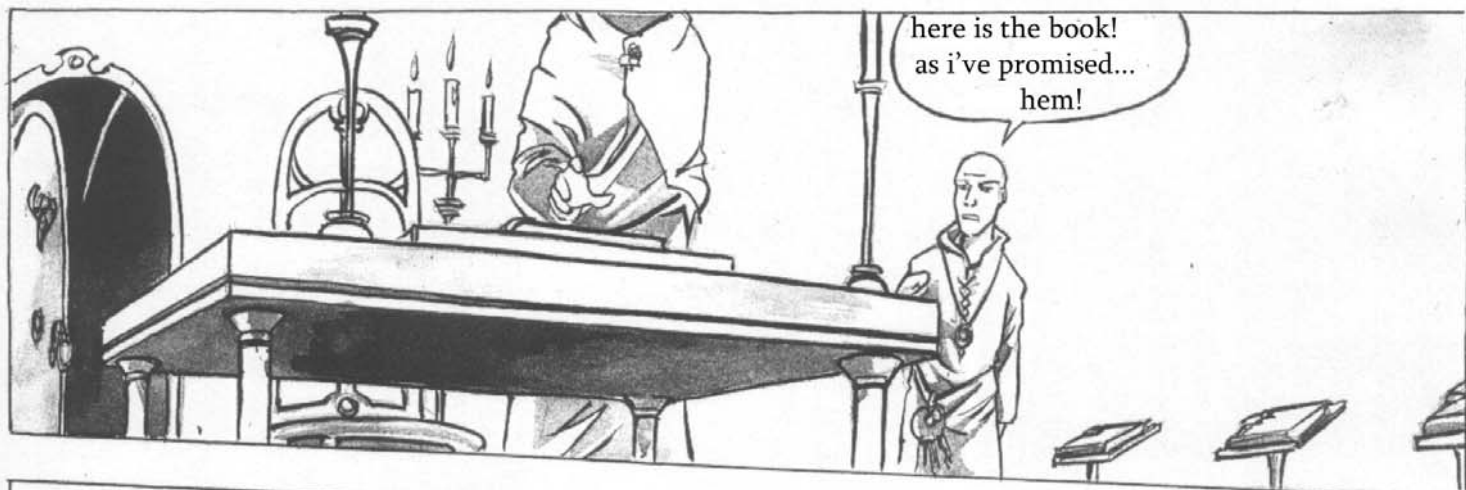

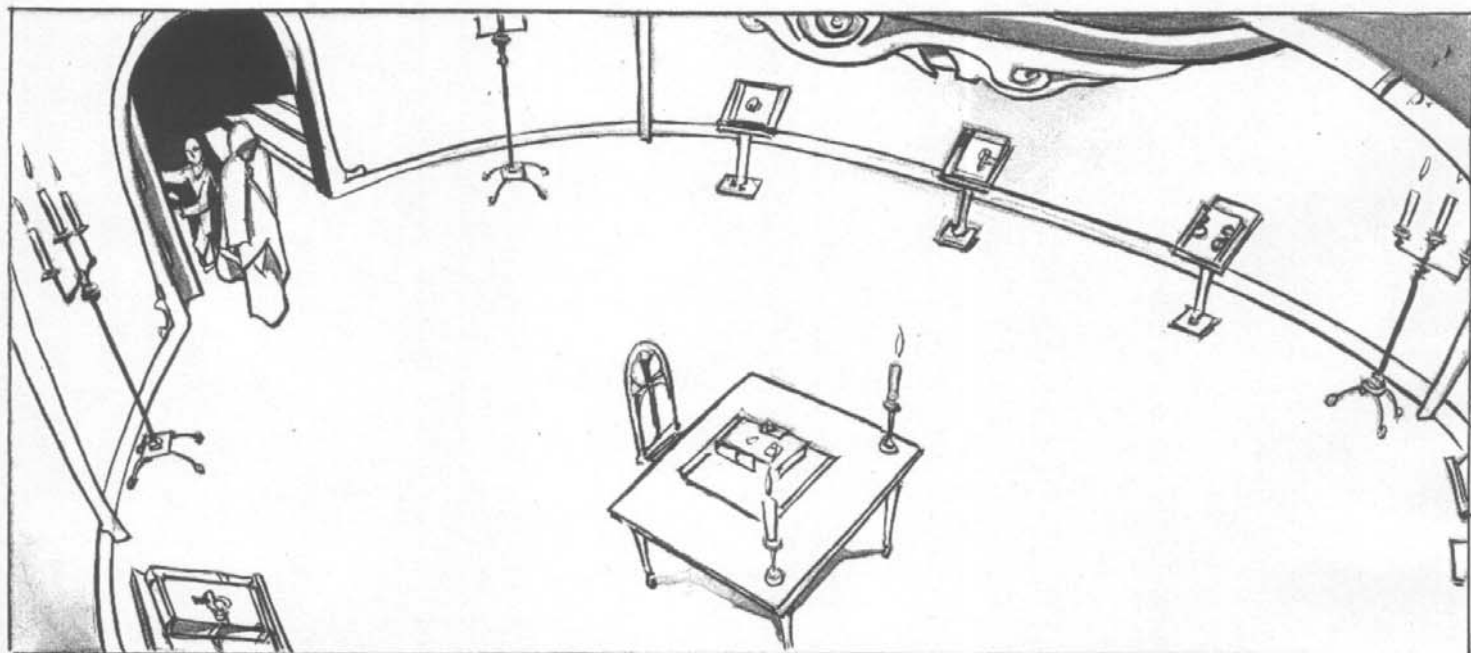

LEGENDS OF KULTHEA

Book One: The Arrival

copyright Terry K. Amthor and Be Not productio

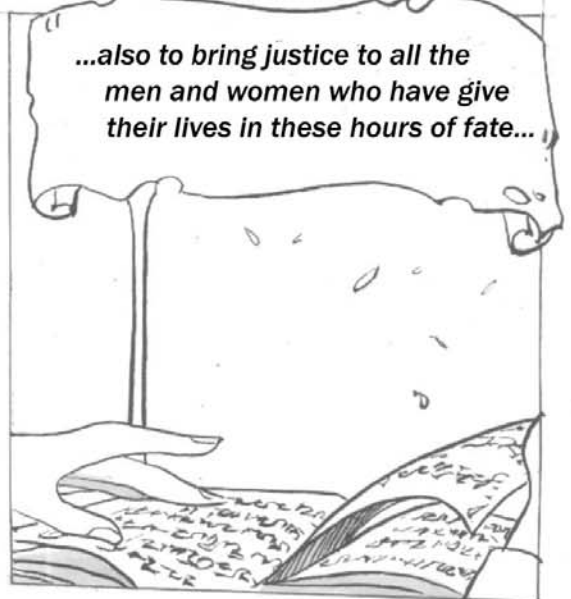

" 2nd spring day of the year 6057
in the third era of our planet... "

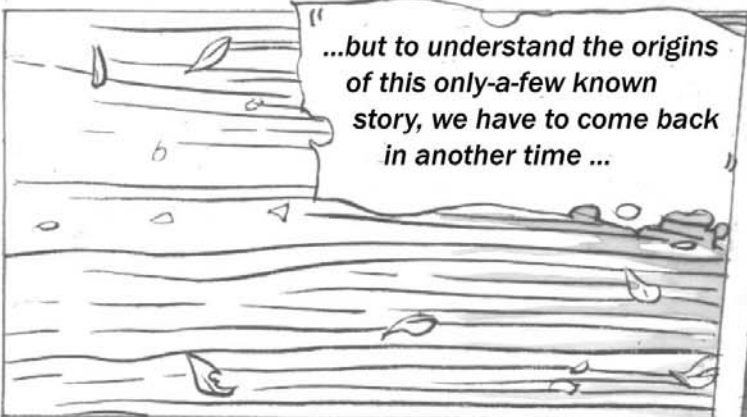

" ... i've made the decision to write
this book, because of the necessity
of a recording about these moments
of fear and despair... "

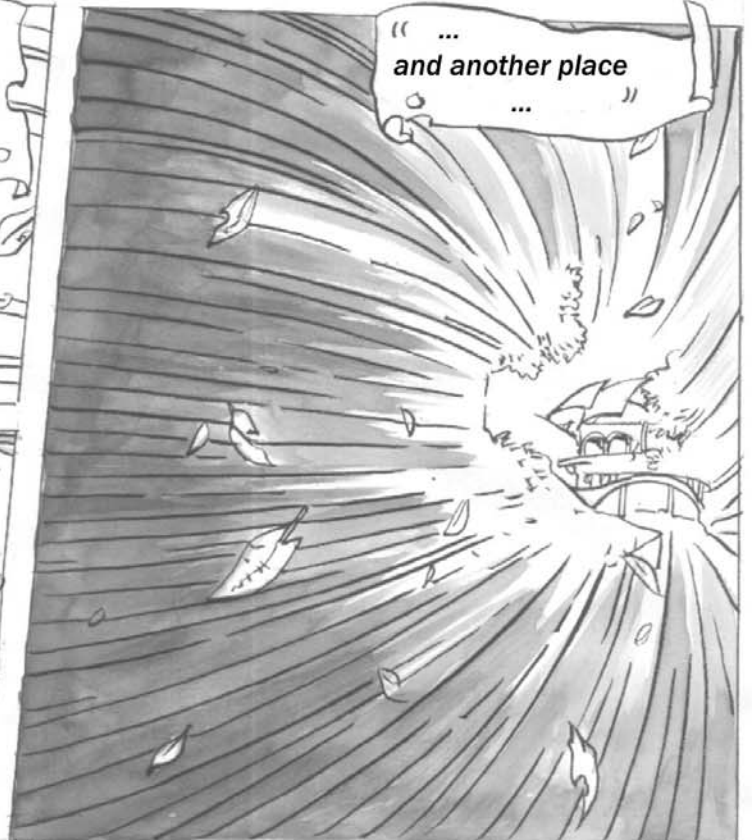

" ...also to bring justice to all the
men and women who have give
their lives in these hours of fate... "

" ...hours when the fate of all the
races of kulthea was in the
balance, unknowing the tragedy
that was playing appart... "

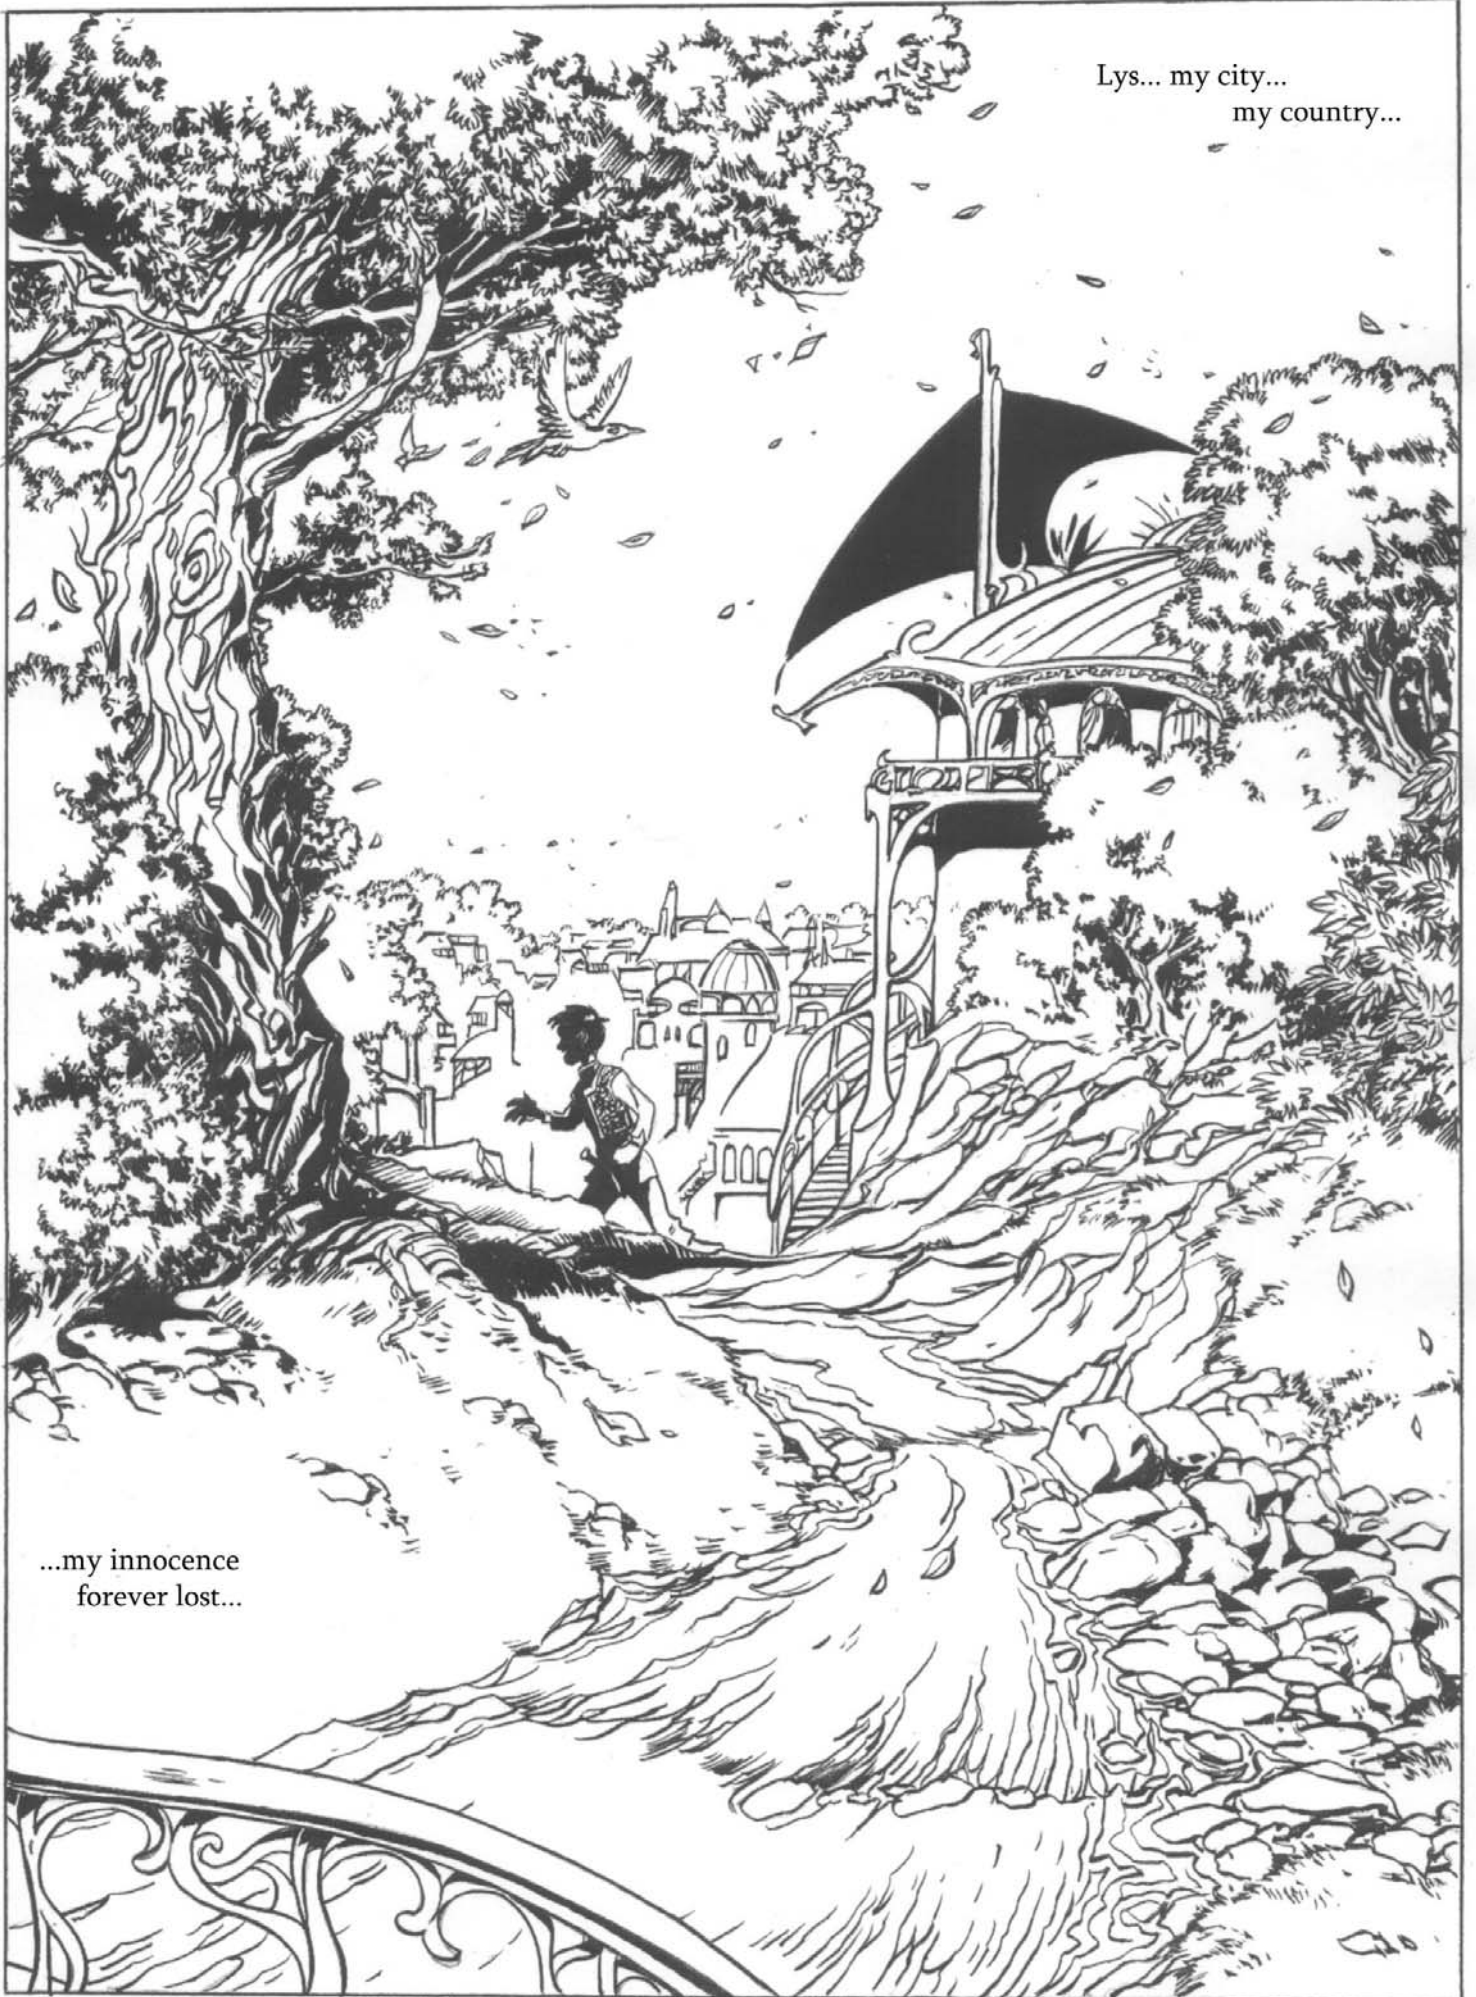

" ...but to understand the origins
of this only-a-few known
story, we have to come back
in another time ... "

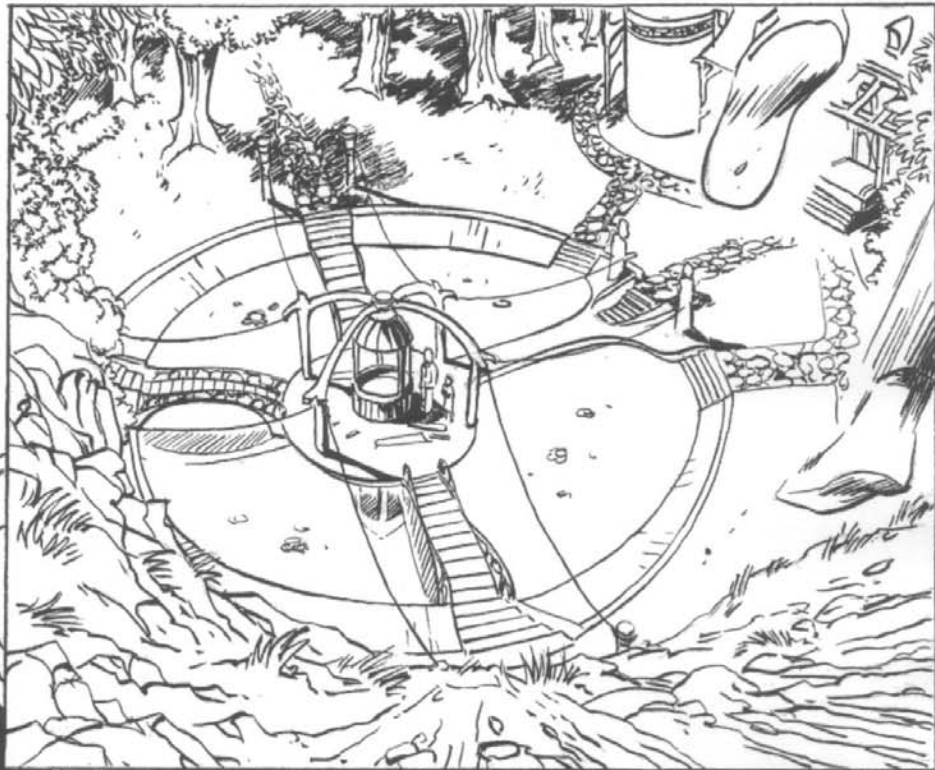

" ...
and another place
... "

Lys... my city...
my country...

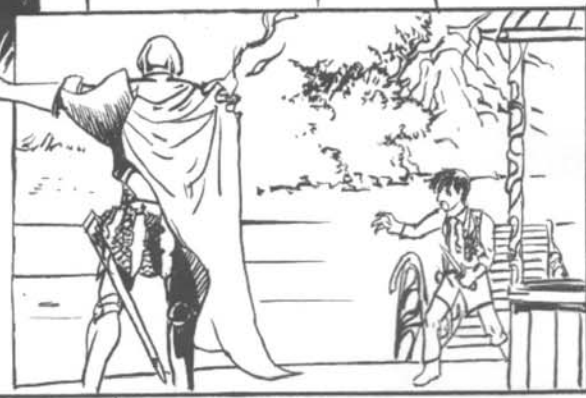

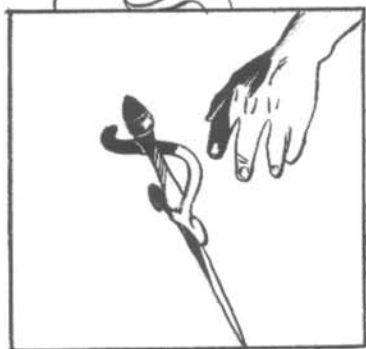

...my innocence
forever lost...

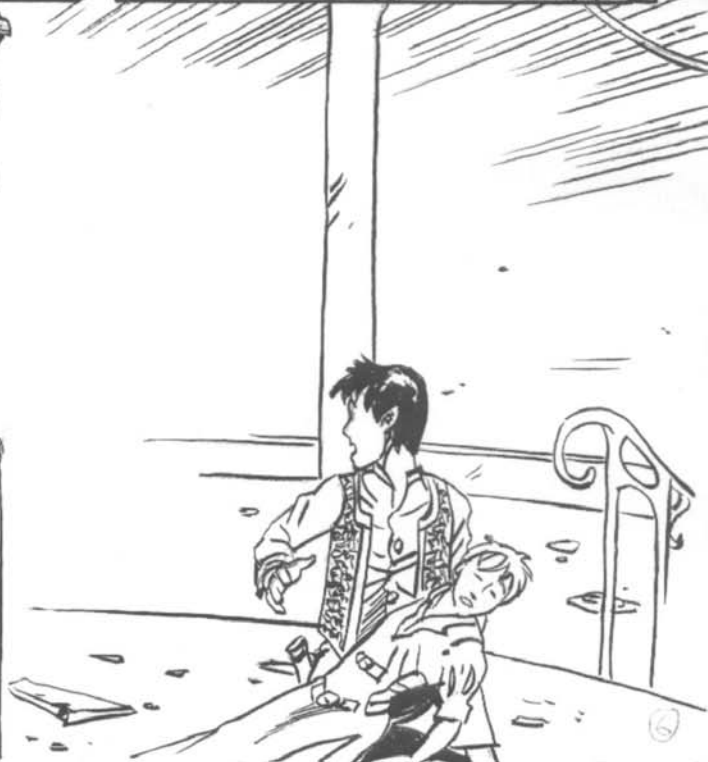

HEY!

are you all right ?

you know...
you were quiet and
asleep... and suddenly,
you've screamed!

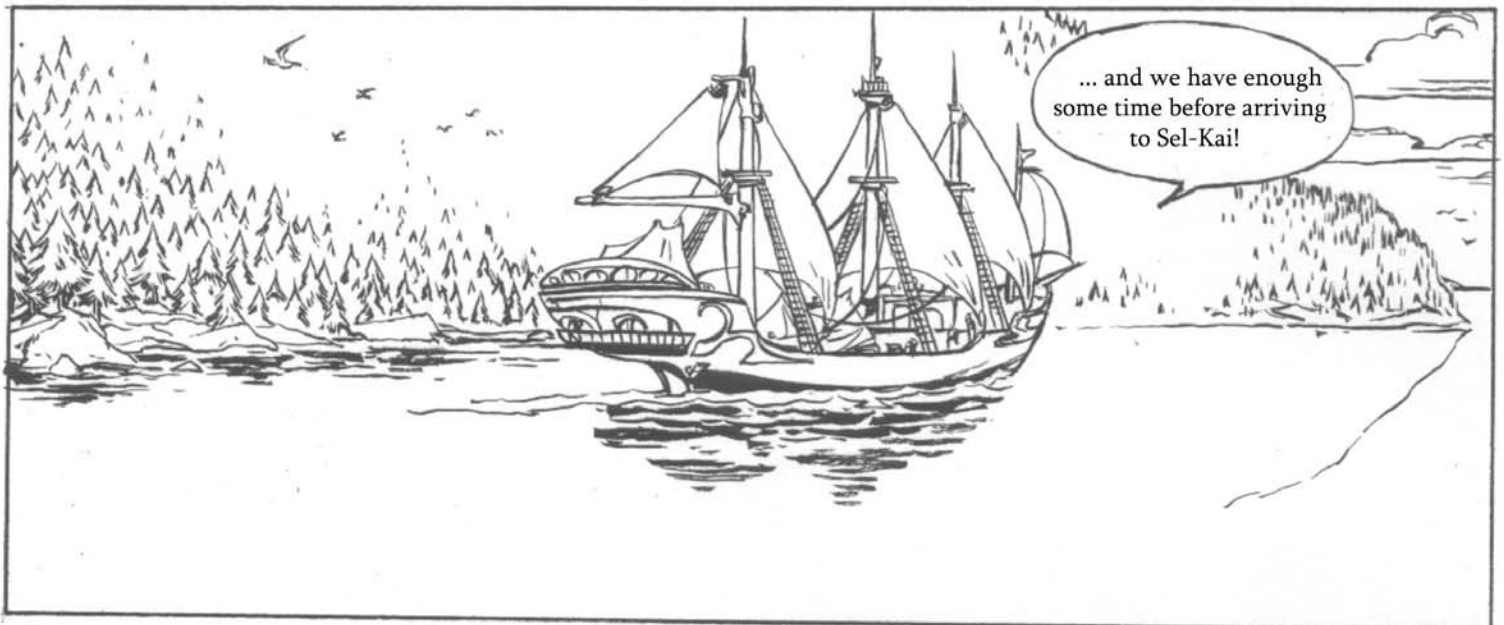

sorry for all...
i wouldn't disturb...

no, wait...

... maybe it will
help you to discuss
about it...

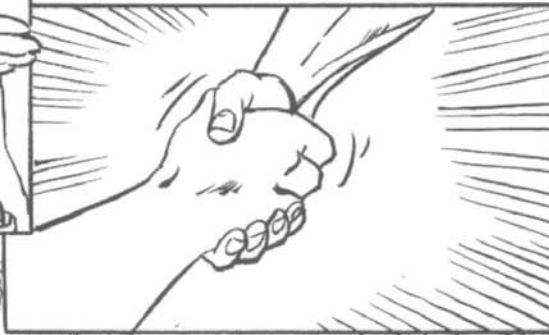

... and we have enough
some time before arriving
to Sel-Kai!

my name is Agmar
"Enastir", and you?

Agmar "the lawful"?

Talos of Kair !

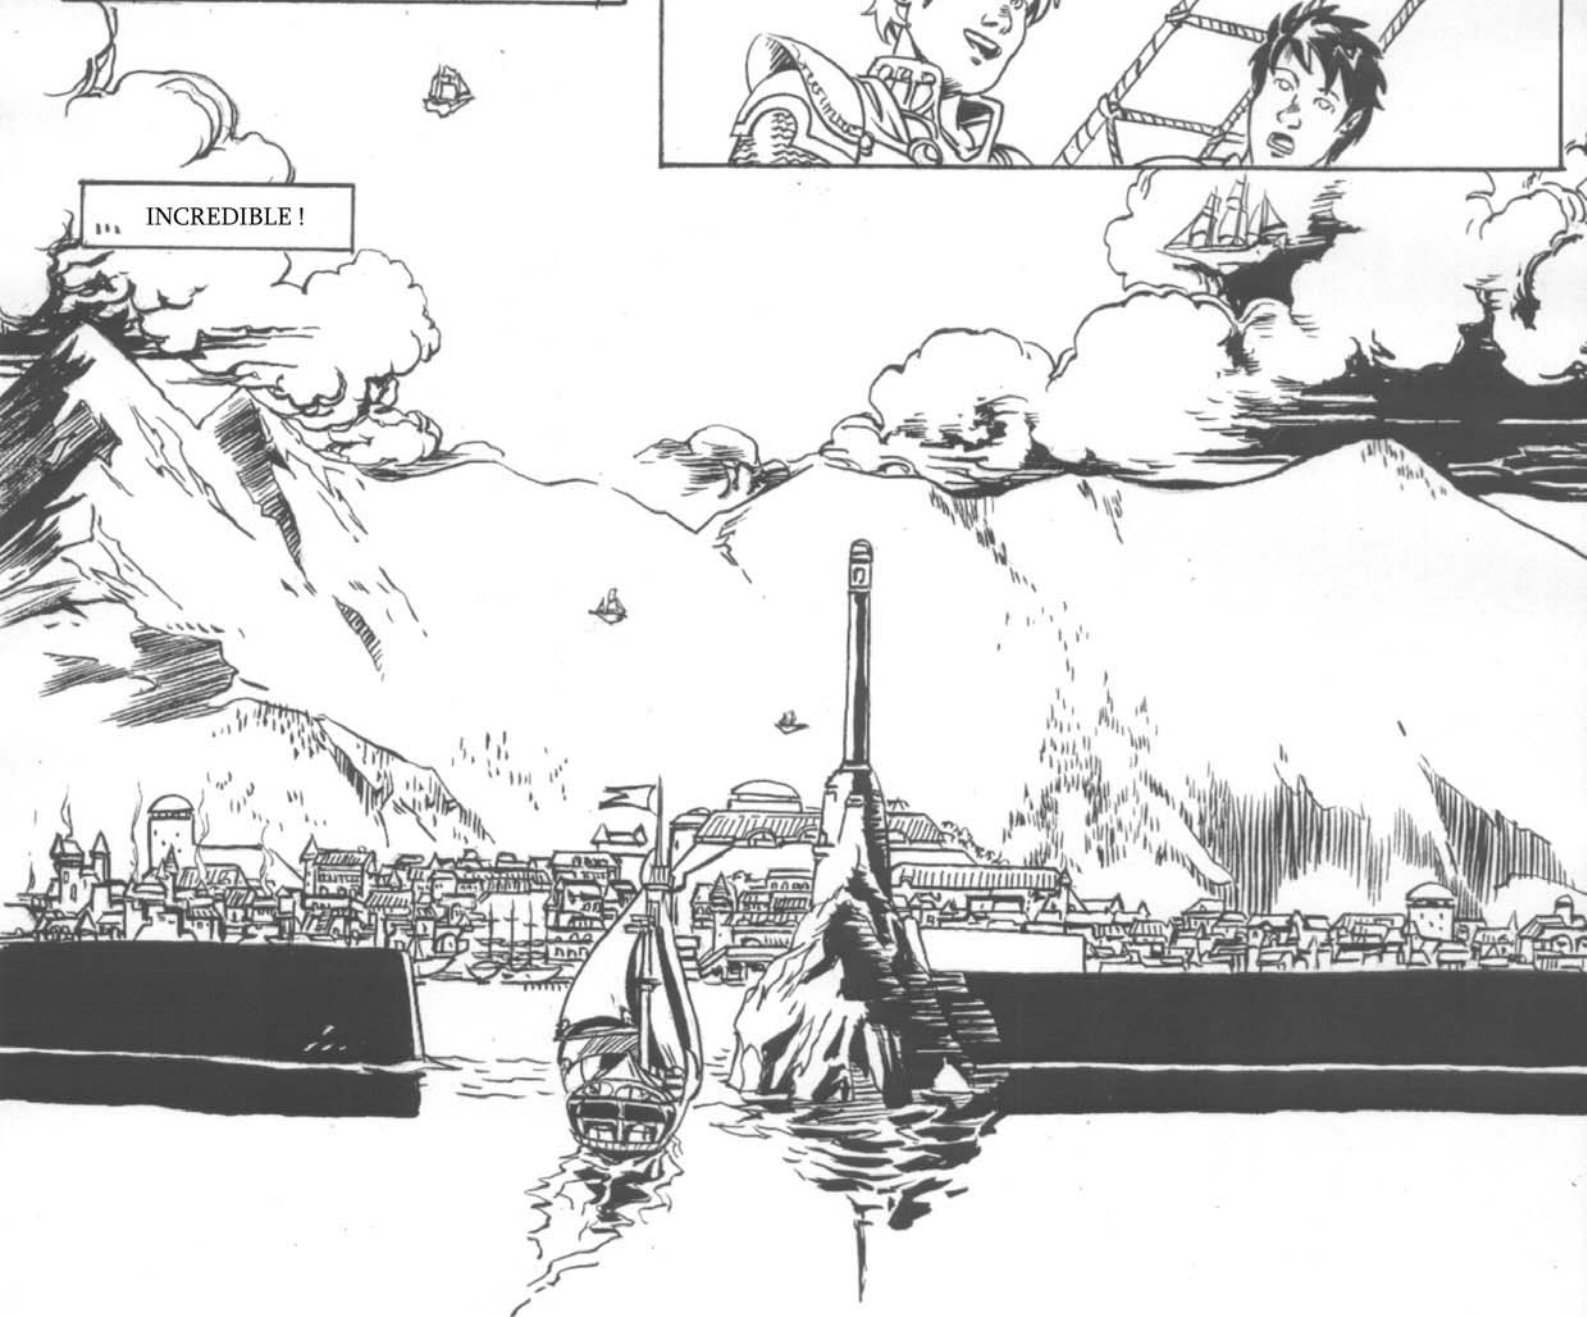

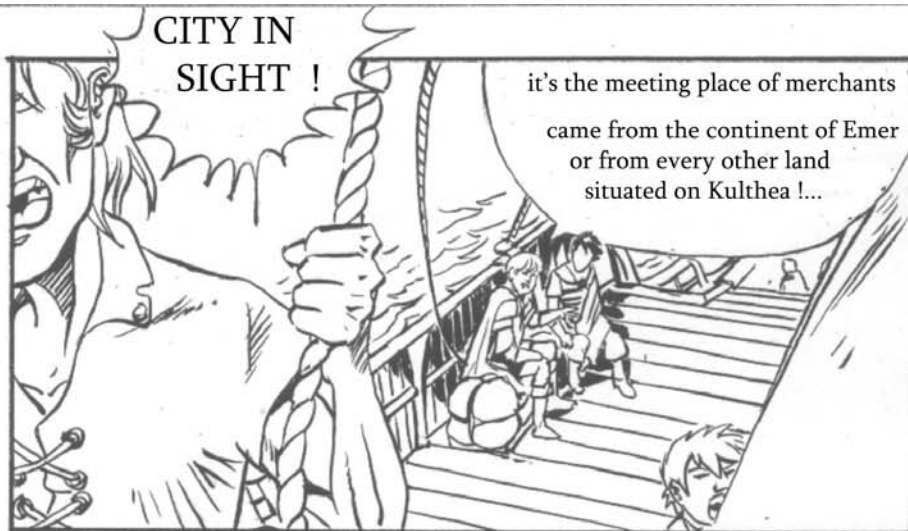

so, you're travelling to
Sel-Kai, just to find some
herb or medicine ?
is that right ?

yes, i know it looks stupid !
but, there is almost two years, i, my
half-sister, and our father were attacked
by a masked assassin; my father perished
and my sister has been caught in a kind
of coma with a spell cast by this killer.
since she's in this state, time seems
to flow faster for her...

... so, i must find a cure
for this, before her body turn
into dust; i've made researchs
and it seems that a rare herb
could handle this; i hope to
find it in Sel-kai!

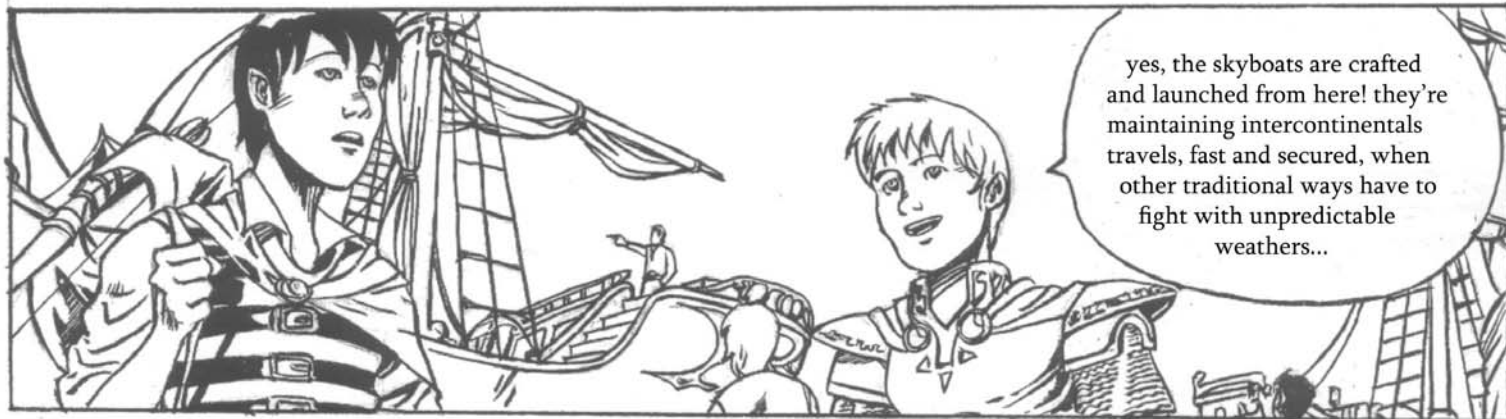

welcome to
Sel-Kai!

I...

.... can't
believe it!

yes, the skyboats are crafted
and launched from here! they're
maintaining intercontinentals
travels, fast and secured, when
other traditional ways have to
fight with unpredictable
weathers...

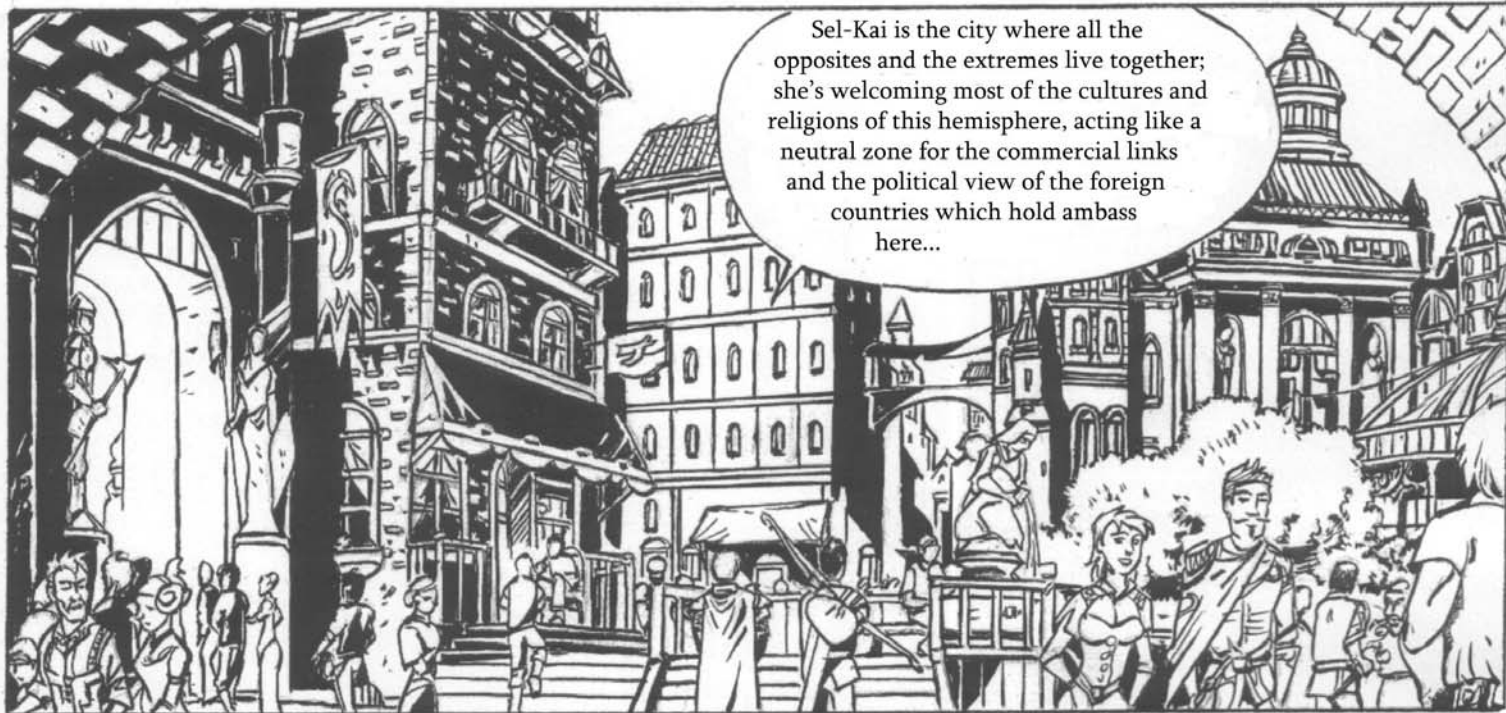

do they follow
the essaence flows
?

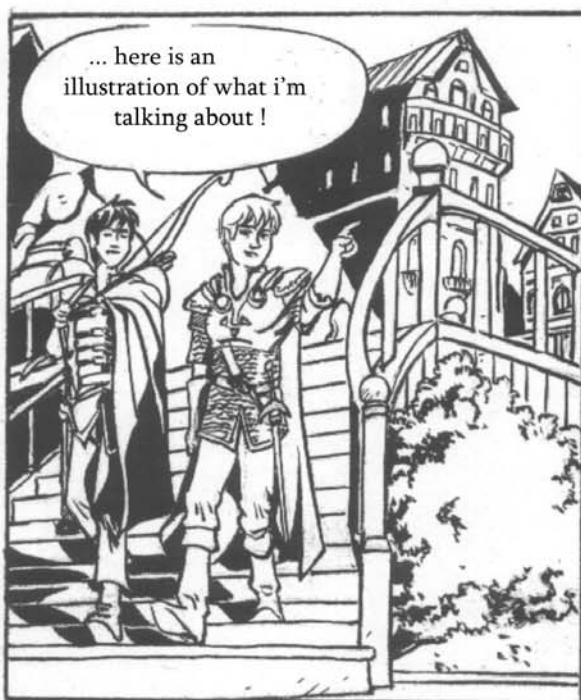

most of them, yes ...
but some can do
without it !

come, let me pay you
a quick tour...

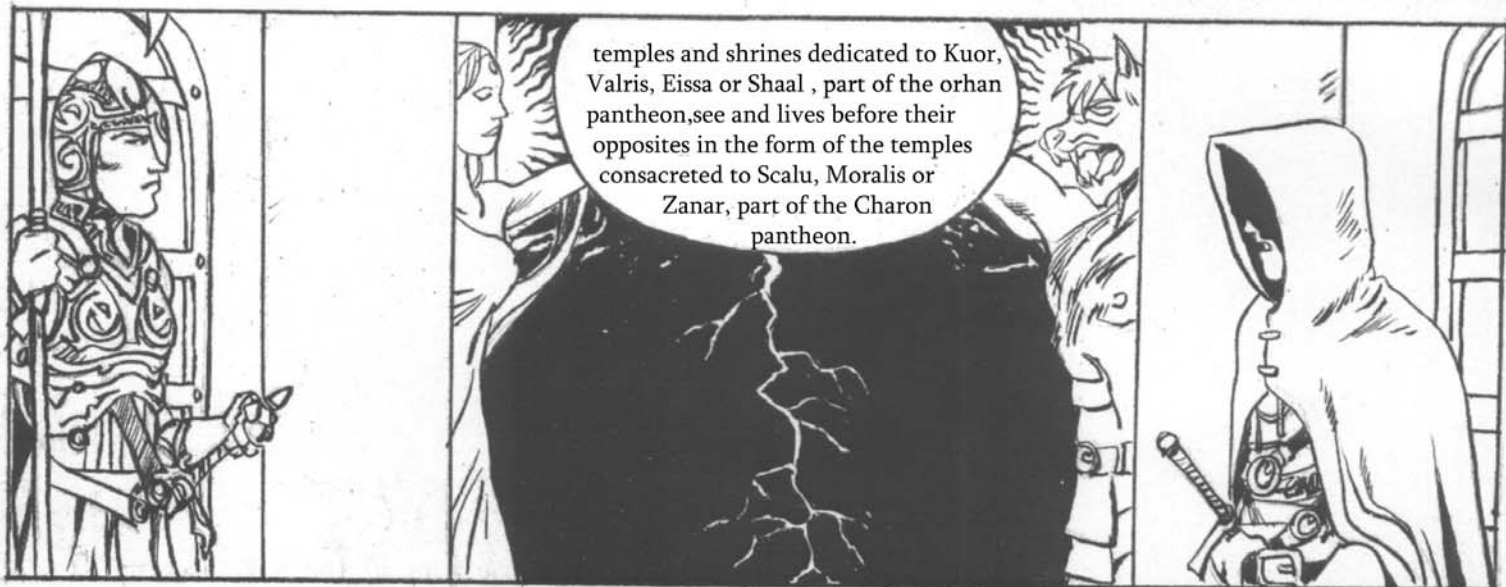

Sel-Kai is the city where all the opposites and the extremes live together; she's welcoming most of the cultures and religions of this hemisphere, acting like a neutral zone for the commercial links and the political view of the foreign countries which hold ambass here...

... here is an illustration of what i'm talking about !

THE ALLEY OF THE GODS! here are consacreted the places of cult and religions of the two sides: Orhan and Charon; the powers that thrives among themselves all over resides here in a relative peace!

temples and shrines dedicated to Kuor, Valris, Eissa or Shaal , part of the orhan pantheon,see and lives before their opposites in the form of the temples consacreted to Scalu, Moralis or Zanar, part of the Charon pantheon.
